SUMMARY

Highly detailed oriented individual with an enthusiasm for semantic and reusable code, passion for accessibility and building mobile-first and responive layouts. Continually looking to develop exisiting skills and become well-versed in new technologies. My foundation degree in Computer Science sparked my inerest in web dev and into the Linux OS space. My interest include gaming, anime, birds and privacy-centered measures.

SKILLS

- ◆ HTML ◆ CSS ◆ CSS Frameworks ◆ SASS ◆ JavaScript(ES6+) ◆ React ◆ JSON ◆ WordPress ◆ NextJS
